**ONLINE BREAKFAST CLUB**  
**INNOVATION**  
**TALKS**

**The business case for multifunctionality:  
Exploring the Intersection  
of Wind, Aquaculture, and  
Nature Restoration**

**Meet**

RUT MEYERSSON, RISE  
BIRGIT KOEHLER, SLU  
LOTTA NUMMELIN, OX2  
JOEL LINDHOLM, UNDER YTAN  
MAGNUS HANSTEN, NEMO SEAFARMS

**Moderated in English by  
JESSICA HJERPE OLAUSSON, RISE**

In this seminar we dive into the evolving intersection between offshore wind energy, low-trophic aquaculture, and ecosystem-enhancing services. In an era where we need companies to go way beyond compliance, this project asks a critical question: Can we create business models that benefit both the economy and the ecosystem? Join us as we share insights, challenges and opportunities and discuss the future for Nordic Biobuz.

Join the 45-minutes seminar on Teams, [click here](#).
